

# BANNED POSSUM GUARD

BANNED™ Possum Guard is a safe & humane way to prevent possums, koalas and other animals from accessing and damaging trees. The unique galvanised strip joining system makes it easy to install. It is ideal for Councils, Botanic Gardens and other areas that have at-risk or significant trees that need protection.

BANNED™ Possum Guard is a safe & humane way to prevent possums, koalas and other animals from accessing and damaging trees. The unique galvanised strip joining system makes it easy to install. It is ideal for Councils, Botanic Gardens and other areas that have at-risk or significant trees that need protection. The guard is also ideal for large fruit trees to prevent possums eating the fruit, buds and flowers.

- Fast and simple one person installation
- **Does Not Damage Tree** - no fasteners into the cambium of the tree
- Can also be used on Utility Assets
- Very humane, safe and lawful method of deterring animals from climbing trees
