

SECATEUR - ARS PROFESSIONAL ANVIL SECATEUR

ARS Anvil Secateur - Small, 18cm: ARVA7Z

Available in VA-8Z (205mm) and VA-7Z (180mm) models these shears will easily cut through grape vine, deadwood and other hardwood branches with ease.

Professional ARS anvil pruning secateur featuring a high quality curved cutting blade for a smooth cut through vines and deadwood. Available in VA-8Z (205mm) and VA-7Z (180mm) models these shears will easily cut through grape vine, deadwood and other hardwood branches with ease. With a light cutting action they are designed for extended periods of use, the razor sharp blade is made from quality high carbon steel with a non-stick coating.

Compared to a traditional straight anvil the curved blade profile helps hold the branch offering a smooth clean cut every time. The ARS VA Series feature an easy to use double action thumb lock and cast alloy handles with soft PVC grip. They are fully serviceable with spare blades and anvil available.
